My Dear Brother.

Your dft. of 31st Ult. on "Peoples Savings' Bank" Denver — for fifty (50) dollars is at hand. — Thanks.

Which ever Sabbath you come up if possible let me know a day or two before hand so I can arrange with the Methodist people to have use of the Church all day — if you think it necessary — so we could have communion services morning and the pleasure of some words of counsel in the evening.

Yours very respectfully

Dear Bro Jackson:

Assembly closed Wednesday. I came here to my mother's arriving this morning. Her business and some of my own will keep me here two weeks. Then I expect to go via Logansport and Cleveland to New York at the suggestion of Dr Kendall, talking missions.

The overture for the relief of Salt Lake City - as you have probably seen - was favorably considered and referred to the Bd of Ch. Erection. It is my private opinion that the result will be the payment of ½ the debt at once. I gathered this impression from a talk with Dr Wilson and Wm Burnham. The overture asking the commission of the lady teachers was granted, I believe, before you left. The other one asking that the Bd of Ch. Erection be instructed to make exception in cases from Utah & New Mexico was adversely reported upon and the report

was adopted. The ground was the limitations of the charter. We might have gotten a request through - asking the Legislature of New York to amend the charter, but our Zealous Pacific brother from Southern California loaded it down with a similar request from his synod. So it failed.

Leonard is to go to Utah immediately. Carson will return with me D.v.

This will be my address till further notice.

Yours fraternally

Dr. Bro. Jackson -

Yours of 1st inst. at hand.

1st As to "the names of the more important towns in Idaho", I learn to be these - Boise City, capital of Idaho - pop. near 1500.

2d Idaho City, pop about 600, situated about 35 miles north of Boise City - 3d Silver City, with pop of about 600, 60 miles south of Boise City - I learn that Silver City, has very much "run down" - once had pop. of over 2000 - It is in Southern part of Territory.

2d - I learn that the best route for you is, to leave R.R. at Kelton in Utah, a place not far from Corinne. From there to Boise City, I learn is about 250 miles, & stage fare $50. But if you want to go to Silver City first, & then to Boise, the better way

Pay longer in Utah in current Utah -

If you have the area, deed, use & not Mortgage and you do not want to sell, it would be better for you

could be to leave R.R. at Winnemucca, in Nevada - (75 miles west of here) & go directly north - Yet the other route, via Kelton, is the most accessible & most travelled - Probably you could turn to the left at some point before reaching Boise City, & go by Silver City - I am not at all familiar with the country up there - My information is derived from men who have been up there trading in cattle, & may be reliable, & may not be. The Rev. Messrs Boyds & Condit, all three, passed here to day, en route for Oregon - Had the pleasure of about twenty minutes talk with them at depot - I am always glad to see the face of a Pres. Minister in this far away & wicked place. I recently rec'd. eleven additions to my church, a blessing for which I had labored long, though but few expected to see. I found four members when I came here, & now have 24. But this is the wickedest place I ever labored -

Fraternally - L. H. Byers

P. S. Sinks has written that they have fixed on June 24th for the dedication of their Church - as that is the last Sabbath of the quarter I will be compelled to ask him to defer it till 1st Sab. in July - our S. S. review is the 24th. I will not get to the Hills before middle of July. I got all three of your letters

Cheyenne June 6, 1877

Dear Doctor

I this morning wrote to McGaughey & Fleming. I would prefer getting McG. as he would be permanent if he came.

My visit to Greely & Evans was pleasant beyond expectation. Father Thompson was as pleasant as possible. But I thought I detected a constant desire to have the Church go down. If a prudent man goes there he will have the sympathy of the old gentleman's son who is in the lumber business. I would advise that whoever goes there get into no controversy or dispute with the old gentleman. He will abuse you but I think the people there understand him pretty well and charitably say the old gentlemans mind is becoming weak - which is really the case - for he will

say things that he must know are incorrect. A new man will meet a cordial reception from the people & some that have left the Church will return.

At Evans I did not see much of the people. I believe however Mr. Stewart is much beloved & deservedly so. He said he was willing to submit to any arrangement that could be made & yet frankly said he would like to remain as Pastor of the Church if possible. And as an evidence of the affection of the people said outsiders without his knowledge had started a subscription to see what they could raise to keep him & his impression was that if the Board would give him $350 & give what they took off his support to the man at Greeley it might be possible to give a man's whole time to Greeley & still let him remain there. & he thought Greeley would do so much better for a man's whole time & Evans would do so much better by his remaining that

it would be as economical for the Board & much better for the Churches. Whilst I could give no encouragement that this plan would be adopted I told him I would submit it to your consideration. And could you arrange to continue some support to Bro. Stewart & let him preach on till Sept & during that time give a mans whole time to Greeley he could then tell whether they would raise enough at Greeley to justify the arrangement. Unless the man who goes to Greeley is prudent Father T. will be a thorn in his side but if he succeeds in managing to keep on the right side of him he will be some help to him.- I think the old gentleman's daughter-in-law & her brother-(Dr. Hawes) fully understand the old gentlemans weaknesses. The elder of the Thompson boys (J.E. Thompson) & the left influential one was away on the round up & I did not see him

My advice would be put a man on the field just as soon as you possibly can - if you let it remain long the Church will be scattered. I am satisfied this is the old man's object so he may say it is owing to the manner in which he was treated by the Board of yourself. Mr. & Mrs Annis had thought of leaving the church they will not do so now, but send a man as soon as you can. Whatever course is pursued Mr. Stewart will regret he struck me as a man of most lovely Christian character. W. J. Thompson showed me all the kindness & attention possible & I think will try to do what is right. The old gentleman was also very kind to me personally & showed me every attention. My visit was one of the most pleasant I ever made old Mr. & Mrs. Hanna & myself had any number of mutual acquaintances But I must close. With kind regards to your family &c

Rev. Sheldon Jackson

Dear Brother:

Your letter of June 1st announcing that the Board "has directed you to visit Idaho, Eastern Oregon and Eastern Washington," and your request that I should send you at once any information in my possession that will assist in the work, has been received: I cheerfully comply.

The Presbytery of Oregon adjourned to meet in Idaho, leaving time and place to the Moderator. I shall now defer the meeting, until I see you here as I confidently expect to do.

There are a number of points which ought to be visited in Idaho & Eastern Oregon under the care of the Presbytery of Oregon & in Eastern Washington under the care of the Presbytery of Puget Sound. All of these of course are within the bounds of "The Synod of the Columbia". Rev. J. R. Thompson, itinerant of the Pres. of Puget Sound visited some of the places in May. He was about to itinerate in Eastern Washington. I requested him, to examine some of our points of interest. But he did not visit them & he, and no one in Washington south-side of Walla Walla.

I will give you the names of only places with respect to which I have information so definite as to justify a visit. There is a large region outside of these in which there are many other places which ought to be visited.

We are quite desirous of securing the services of a competent man to act as Missionary for our Synod. We have no one in the Synod who is qualified for this work that can accept it at present. Perhaps you can think of some suitable man among whose qualifications a devotional spirit shall not be lacking.

When you are going over the ground, I omit many particulars which will come to your knowledge while you are canvassing the region.

But I want you to come to Portland for I wish to receive all the information which you will gather with such details as can never just into letters.

As I am Chairman of the Executive Committee both of the Presbytery and Synod you will understand my desire for all such information.

Six brethren are on the way hither from the East: but "what are these among so many?" We need three times six.

I shall get the pass for you tomorrow, if possible. The O. S. N. Co. send boats during the present stage of water to Lewiston, Idaho. I will get the pass for the entire route. I will send one to Denver, & (as this might fail to reach you) another to Lewiston, or rather Lapwai, care of J. B. Monteith, Agent (Nez Perce Reservation.

I send this letter tonight to ensure despatch. Hence I omit what I may find time to write tomorrow. Next I shall communicate some important suggestions in letter addressed to you at Lapwai

Faithfully Yours in the Lord
H. L. Lindsley.

Rev & Dear Sir

Yours of the 1st inst is just received — About four weeks ago Rev Jno R Thompson of Olympia made a missionary visit to this section of the country and found many places in need of settled ministers. I do not think the Presby Church has a representative in the form of a minister in Eastern Oregon or Idaho unless it be the Cumberland branch —

There are many good points to ground I believe is the principle point in Eastern

Oregon and the center of
a fine country, besides
there are many towns
springing up all through
that region - Baker City
City is the principle place
and I have understood a
good point. In this section
there are a number of small
places and the country is filling
up very fast with people from
the Eastern states and Cal -
There is no preaching except
what is done by Methodist.
We have a Minister (U P) on
this Reservation who teaches
one of the schools and preaches
to the Ind. We need a missionary
I should be much pleased
to have you visit this Reservation
and see what can be done with
the Ind -

Rev Sheldon Jackson
Denver Colorado

Portland, Or., June 17, 1877.

Dear Brother Jackson:

Enclosed I send Pass from Lewiston to Portland. I hope it will catch you at Denver. If not, it can be forwarded to you. Whoever therefore reads this note will understand, that your route will be by stage from Walla Walla to Lewiston, passing thro' Waitsburg & Dayton, villages. Around Lewiston & beyond, are Lapwai, Kamia, Mt. Idaho, Oro Fino Mines, Kamas Prairie, & perhaps Paradise Valley is most accessible from Lewiston or Lapwai

But the return trip from Lewiston or Palouse Landing will be to Wallula Where some of the muddy places are accessible. Thence down to Umatilla 25 miles. But if the Pendleton region & ~~Eastern Oregon~~ has been attended to before going to Walla Walla, or on ~~first~~ arrival by stage, then take steamboat down to Portland.

There may be best of reasons for changing the above route or routes. My aim is accomplished if this Pass is made

serviceable between
Lewiston & Umatilla.

I hope to send at least one of the brethren now under commission for this Synod, into Idaho. We ought to have several more for that region.

Faithfully yours in the Gospel,

A. L. Lindsley.

Seattle, W. T., June 18th 1877

Dear Bro Jackson

Your brief note of June 1st was rec'd & read eagerly by me as much as since which time I have been in Seattle at Probate - acting as Clerk in a trial which has kept me too busy to write much about anything except the case

In my card to you I said that I had explored all Eastern Washington also Nez Perce County & Camas Prairie in Western Idaho Ter. & Umatilla Co. in East in Oregon - I mentioned Boise City & Pierce city in Idaho & Baker city in Baker County Oregon I now write & say that ~~in La Grande County~~ there is a city called La Grande in Grand Ronde valley in Union County & another city as large in the same valley which is in Union

County Eastern Oregon.

Canyon City is situated at the head of John Day River on West side of the Blue Mountains in Grant County Eastern Oregon

There is also a town in Ochoco County Eastern Oregon of which I do not know the name +

If you do these places thoroughly you will require at least 5 or 6 months — unless you simply wish to visit the ground & report + You may as well save yourself the trouble of going over the ground which I have explored because I have fully reported the wants of that part of the Field to the Presbyteries & to the Board of Home Missions + If you can take a run down to the Sound I shall be most delighted to see you & of course if you can spend a few days with me I shall be more delighted still — I trust you may have time to explore & organize thoroughly in the unexplored parts of our Synodical field + We have about 600.000 Square miles of territory With kind regards & hopes of soon meeting you I remain very truly Yours J. R. Thompson

Georgetown Colorado
June 21st 1877.

Dear Bro Jackson

I have just rec'd postal card from Dr Kendall, who writes as follows, "The support which your people formerly surpasses the salaries of nearly all the missionaries of the State – The application is therefore respectfully declined" and we congratulate your people on adding another to the self-supporting Churches of the State."

If this be the ultimatum of the Board it can only result in grievous injury to me financially & in disaster to the Church. We have lost already by removals over $100.00 from support, & in a few weeks Bro Bement leaves for his old home east, which will cut off another $100.00 or more. Our Church has grown in number since my coming, but scarcely in means. Bro Stewart lost his wife by fire just before I came, & has not, because unable, given one dollar to my support – nor will he as I understand this year. This is not from discouragement

work, for I have no firmer friend & helper than he, but from want of means.

Now, My Dear Sir, will you be kind enough to use your influence with the Board for a re-consideration of their decision? So far as I am concerned I can be self-supporting, but at the present time the 1st Church Georgetown cannot. My work has only fairly opened here, & I have no wish to remove, but I cannot live here with an inadequate salary — & if I go away the Congregationalists will go immediately to work. As it is now we are absorbing them gradually — but in case of an inter-regnum, they will have a minister in the field immediately. This I know, having met but a week ago the Agent, Mr Shelden of Yankton, of the Home Miss[n] Society, who was here looking over the field.

If the declinature of the Board is final in the case it will not matter a tithe to me as to the welfare of the Church in this place. I trust that you will do represent our case that some aid at least will be granted. Trusting that Mrs & yours are in good health, I remain

Very Sincerely Yours John Shelden

Dear brother:

Our Synod, as you know, covers a very extensive region, and we are without a Synodical Missionary. The only itineracy is performed by Rev. J. R. Thompson who serves half his time as Stated Supply at Olympia, W.T., and his labors are confined to the Presbytery of Puget Sound.

Under these circumstances, I encouraged your coming to survey our destitutions, but the disturbed state of affairs in Idaho, may render it inexpedient for you to come at present. There is the less need now in consequence of the fact that Rev J. R. T. has done some of this work for the Pres. of Oregon in Idaho & E. Oregon. Three brethren have also been recently sent up into that region of country; two with free commissions to settle where they choose, which involves the examination of various localities, and the third, Rev. E. N. Condit, to itinerate. They will no doubt obviate the need of your coming hereafter. A part of his work as per letter, I requested you to execute through the very region now agitated by the Indian outbreaks.

You will infer rightly from the foregoing that I shall not address any letter to you at Lapwai, as I had intended.

I forwarded to Denver a letter containing an O. S. N. Pass from Lewiston to Portland — covering all charges. +++ The Nez Perces outbreak is the old story of the cupidity of the whites and the neglect and injustice of the government. The Nez Perces on the Reservation are quiet and law-abiding. The belligerents were the outsiders who were required to leave the land which the Government guaranteed to them under the "first treaty," and go upon the Reservation which was designated in "the second".

Faithfully yours in the cause of all souls that dwell in our country.

BOARD OF HOME MISSIONS OF THE PRESBYTERIAN CHURCH

P. O. Box 3863. No. 23 Centre Street.

New York, June 25 1877.

Dear Bro. Jackson

I arrived Saturday. Spent yesterday at Elizabeth N. J. with some good results. Expect to start west in a week. Dr Kendall thinks you are at Walla Walla. I have a brother at Portland Oregon who longs to enter the mission work of Utah. He is a lay worker but I want to bring him up standing into the pulpit. He has always felt that he ought to preach but circumstances compelled him to abandon or at least to suspend his work of preparation. He has proved himself a successful school teacher and S. S. Superintendent. He wants to come to Utah as a lay missionary with the ministry ultimately in view and devote himself to the work

Dr Kendall thinks favorably of it. He can take entire charge of my school at Mt Pleasant or open a new field. If you can call on him it might be worth your while either in securing a good worker for our field or protecting the field from a bad one. A postal card or message to him at any time will secure a meeting with him at any designated point in Portland. His address is

Dear Pastor.

I hardly know how to write you this morning. I have since you made the announcement of my removal — had so many warm expressions of regard — unlooked for evidences of my usefulness and the oneness of the people. That I confess my surprise. God has indeed been kind to me. I cannot now leave. after calm reflection I can see it would be rather an unfortunate time. I do not yet know whether as an effective working — we may have additions on confession but certain an interest has been awakened in religious

in C.D., that is most gratifying
that has all our little struggles
fund with Lake. last month
evening we had a very fine
audience. And I believe even
this present little alarm has con-
cated us together and will be
blessed to us. I regret not going
to Silverton. To see so much
Colorado is a temptation that
will give reality to my expression
I regret ~~that~~ I cannot now see.
After more careful consideration — it
would be best to leave Idaho.
I hope you will speedily find
some one who will be able to
devote a longer time to the
work and be more effectual
than I could have been
I am going to Caribou
Midland next Sunday (Nov.
Pleasant being intimated for Communion
in Services here next Sunday)

in the event of Mr Johnson's appearance here a few weeks before my leaving it will be an advantage to the church & to him: meanwhile I will not be idle.

I will start for Caribou as you suggested on Thursday morning. and preach at Rollins & Nederland. I have an impression that you said you were going over — please let me know this sunday if I am not interfering, as I prefer to go when our pulpit here is occupied — to leaving a blank sunday.

Of course if you are going you can telegraph me in time — in which case I will preach at Mill City Thursday & Spanish Bar evening.

Many apologies for the trouble
I may have occasioned you.
And a desire for your prayers,
in the work,

Remain

Yours very truly

Dear Sir & Brother

I am very Sorryr I could not have Been at Church on Sabbath Morning to have Seen You I do not feel Nor See any of the Members that We Can Let Bro Mac-Allister go he is Beloved By the People & We think if he Remains with us he will Do Better he Can Do a good work & When We have told the People that he was going to Remain & With that view we got an entertainment & Raised Some Money for him to Complete the work already Begun on the Church

now we have not more than half money enough to complete the Church if we put in another persons hands But if Mr Mac-allister be called to remain he can with what money we have do the work in good shape Besides if he leaves there will be a good deal of dissatisfaction in the congregation for they expect him to go on at once with the work & we have promised them that he would preach for them until the first of September I am very glad to hear that we will have a permanent Minister if he should arrive two or three weeks or even more before Mr mac-allister leaves I am sure it will be all the better for then he can take up the work where the other leaves off where as if there was a vacancy for one month

It would take him three months
to go the ground again & let
me hear. So bye
hoping to hear from you
soon I remain yours
respectfully

Dear Bro. Jackson,

Many thanks for the $225. for so long a time. I hope I may be able to pay it before it's expiration. It will, if all passes as I hope, and expect, under God, enable me to get out of debt this ecclesiastical year.

I've sent on application for Al Comm for $400. It's the very least that will do, in view of outfitting, and beginning work. We have been offered a building 120 x 21 feet in Conejos for a school. We enter that location

part of Conejo's Ce. next week.

We have secured Children's & Shorter Catechisms in Spanish. The people are delighted with them.

St. John the Baptist's day with its drinking, dancing & horse racing passed last Sabbath, and yet our Chapel "Oratorio Español" had its usual, and an increase of, audience.

Mrs. Darby sends regards and I remain gratefully Yours

Alex. McDaley

My Dear Brother. In this letter more than I can express that I received your refusal to go to Animas Valley -

This decision persisted in injures yourself - Injures the Church at Idaho & hinders the Mission work of the Presbytery - In general it will be the occasion of much damage that all your summers work will do good -

What it damages yourself in the eyes of the Church - When you came out here, you placed yourself under the direction of the Home Mission Com^te of Presbytery - And it has been the rule from the beginning of the Presbytery, to send Churches Men here & there, just as the exigencies of the work seem to require -

If the good of the work seem to the Com^te to require it, they can send you to a new place every Sabbath, only so that they pay your expenses - Now in declining to go to Animas valley, you are declining to do that which the Work for which they accepted your services & consequently we will not consider ourselves further responsible for your expenses - Brother only knowing the wants of the field, you do your fellowmen up in Animas

Who have long been on the field - & who are ~~now~~ appointed by the Presbytery to keep themselves posted with reference to ~~direct matters for the best interests~~ of the whole field the relative needs of the whole field. & direct ~~their~~ Mission work according.

Your preaching at Idaho & in any other part of this presbytery is dependant on the permission of this Committee.

~~If you~~ Your course, if persisted in, will probably leave the Church at Idaho, vacant all winter, as the Presbytery would send to Idaho this month, & will have to be sent to Animas valley. & I have the expectation of another to supply his place at Idaho, when you leave in the fall - You are hindering Mission work, as your course is jeopardizing the interests of the Church in two places, either of which are more important than Idaho -

Upon your agreeing to go I placed a notice to that effect in the Silverton paper, & a failure will be damaging. The Mission will construe it to a lack of pluck on your part - Kaesno +++

~~Sincerely yours~~

Sincerely Yours. Sheldon Jackson

Dear Brother,

Like many, many
about this Location Matter (
must have put you to some inconvenience. I regret now
that I did not first consult with the people before deciding to accept
your proposal. I should have
taken more time to make up my
mind. But I cannot now
go without disregarding my conscientious idea of duty — and some
personal feelings. The former
I have stated in yesterday's letter.
The latter are these —

The new station is difficult
to reach, and on the way as

well as while there would require considerable horseback travel — I have been only once in the saddle for six years. and have no idea of horse management —

The altitude of Silverton is too great — I came west with a view to cure Catarrh. The physician here would not recommend the climate of San Juan. especially during Rainy season —

Mr. Stewart was here yesterday. have made all arrangements for his preaching Sunday morning. and have intimated usual services here after —

Yours very respectfully

Dr. Jackson,

Dear Sir;

Mr. Bortham showed me your letter, from which I judge you still insist that Mr. McAllister shall go to Silverton. Well if he must, I suppose he must; but it seems to me like leaving a flock to strangers till a new shepherd can be had. As you have been told, Mr. McA- has the hearts of the people here; and, it seemed to me, that the best thing for the church ~~here~~, would be to have him remain till the new pastor arrived and introduce him to the people before he left for other fields. I almost fear being left in this pastorless condition for even a few weeks will scatter the sheep entirely.

It also seems as if it would strengthen

the hands of the new Pastor & have come me so well liked take him around & their times and make him acquainted with his people; otherwise, he will have a work two or three months at a disadvantage in becoming acquainted with the wants and dispositions of each one. I, of course will help all I can, but I am a stranger, myself, and know little of the likes and dislikes of any one. I do not even know all the members of either our own church or of the Methodist.

Excuse us if we seem obstinate, for we do not mean to be; but we are trying to do the best thing for the new church. We want it to grow in grace as well as in numbers, and feel that much may be lost by having to run with us when we can work as our own. I hope Mr. Johnston will come down and get started before we lose what we have already gained. Respectfully Laura

My dear Sir

Yours of the 29th June last was received this morning. The Steamer "California" leaves Portland the 1st of each month, only, and from the Agent here P. B. Cornwall Esq, I have received the enclosed letter giving you a passage to Sitka and back at half fare which is the best he says he can do. I showed him the Friends letter which you enclosed, (and which I return to you enclosed) but it did not shake his decision to concede half fare, only. Mr Cornwall thinks it a waste of time to visit Sitka, but says

if you could only reach the members of the Alaska Fur Company in this city, there is room to do a good work with them. I think it very likely that the members of the Fur Company are a godless set, but I hope you may be able also, to do something with the Indians.

Wishing you great success, and sorry that I did not succeed in getting a free pass, with kindest regards from Mrs Roberts & self

I am dear Sir
Very respectfully
Yours
James D Roberts

You will observe that you can get aboard the steamer, either at Portland or Victoria B.C.

My Dear Bro. Jackson;

You see I am already at work in my new field. Have sent you an artle for the Aug. No of the R. P. You said all material should reach you by the tenth.

The opening here is grand. All the working force here is Presbyterian. And all the Christian power in the other two churches here is disgusted to[o] get near. Our chorister was a Methodist but he says he don't believe in tinpling. Our organist was singing & playing in the P. E. Church. She comes right to us.

How gladly do all Presbyterians rally around their own standard!

Did you give this church one of the Bds' Session Books? Have not been able to find any book of any kind.

And we better stand on the old organization, or begin anew? If you have not already supplied one Session book, can you supply one?

Received a letter of inquiry from Dr. Kendall. He supposed there was nothing here. He desired light. Think I was able to give it. Guess they will grant commission.

Have heard nothing from pass on Ringgold R. R. Can you not get us a family pass?

The other two churches here are dead. Hope ours will be their life. My coming here has made them almost a desolation.

The Hall here is owned by a Welsh Presbyterian. Generously he grants us the use. Consequently we are under no obligation to our neighbors. Said Bro. Dyer at Fairplay to me, "I want you to attend to your own business."

Here at Rosita I am going to do
it. Met all other denominations alone
have had no calls from them yet.

Please have my post office
changed. We need a church here
& business prospers. I think we
can move in the fall

Dear Friends

Dr Jackson's letter of 9th inst, inclosing check for $25.00 has just come to hand. We thank you very much for the remittance, which was wholly unexpected at this time. We will make the money go as far as possible, & get as much pleasure & benefit out of it for our Dear Daughters as we can. They are getting along nicely, & seem to be contented. They are not giving us any trouble, as we are accustomed to a houseful of children. They started after their trip 'till Sat. after dinner, & then with our Jessie & the neighboring girls went to "Devil's Gate", spending the

Esther afternoon, climbing the rocks, gathering strawberries & flowers, & having a general good time. On Yesterday they went with us to Church in Ashl. As we were just having our first communion, remained in the Church until after Sunday School. The afternoon we, quite sure we thought it best not to insist on their attending Service at night. To day they have been reading, sewing, running around a little - rather a quiet time. Tomorrow, if pleasant, they, with Jessie & Miss Helen Elliott, a very nice girl living next door, intend to go up to a hotel on Lieutenant Mt, in sight of our home & spend most of the day. If all are well on Wednesday the Quadrille accompanied by myself will visit Green Lake. You need not worry about them in the least. We will watch over them

over our own. As to being "too boisterous", we are not at all alarmed.

The weather is now delightfully cool since our rain of yesterday. The thermometer in Study, window open, indicates 64°. We will most likely have rainfalls every day for some time to come — enough to cool the air & lay the dust.

Trusting that Dr Jackson will have a prosperous journey & that those at home will be shielded beneath the Almighty wings, I am

Very sincerely Yours

Dear Sir,

Have written once and forwarded you two little packages (registered) hope you received them all safe.

Cannot give much news, as you are very little here to furnish it from except the Indians. Since your departure from here, they were quite busy for a while farming, and a number have fair prospects of a good harvest.

I visited Canon de Chelly in company with Gen'l Hatch and some officers of Fort Wingate, in the party were two ladies at starting, who were so fatigued with riding horseback, they did not descend into the Canon. The Gen'l and all who went into it were highly pleased, and intend making another visit to it with ambulances, as I think a road can be found to enter at the mouth, which is the best way to view it, as the scenery increases in grandeur as the Canon in neight.

My brother goes out to Moqui in a few days for those articles for you.

Mr Owens informed me a few days ago, he had resigned to take effect Sept 30th and would prefer me relieving him to any one else.

I cannot tell how I stand with Dr Lowrie, one thing I am satisfied of that I have enemies here, who will not scruple to make any false statements, that might be detrimental to me or injure my prospects for the position.

I would therefore esteem it a great favor if you will use your influence with him in my behalf so that I may have a just fair unbiased chance.

My brother joins me in kind regards and sends thanks for papers received.

Very truly Yours
Thomas Reamy.

My dear Sir:

I found your letter here on my return. I have had opportunity of talking with the Commr. of Indian Affairs and the Asst. Secy. of the Interior; both were favorable. I have missed Secy. Schurz each time I have attempted to see him, and Secy. McCrary of the War Dept. is out of town and will not return till the 15th or thereabouts. It is a case of such a character that it seems best that I should see him personally before the formal application goes forward. I approve the measure heartily and write you

Dear Bro:

I have been in this place about two months. The place is situated on the east bank of the Jordan river about 12 miles south of Salt Lake City. The Bingham canyon R.R. passes through the place. Few Gentile families live here the greater part of the population are Mormons.

The Gentiles have no day School - nor S.S. School

for the Children.
They have Mormon School
But that is worst than
my School
Last Sabbath I Called all
all of the Gentile Children
and some Mormon
Children to My Sisters house
and Called it a Sabbath
School Meeting We studied
the S School Lesson and
had some Singing
The Children seemed all to
enjoy the Meeting.
I have preached in
house almost every Sabbath
evening to a Congregation
Composed of both Gentile
and Mormon people
I have been at Bingham
Canyon (a Mining Camp
15 Miles West of this place)

Works, Utah
and Spent a Sabbath there
preached for the people in
the Evening in the M. E.
Church The Presiding Elder
preach there Once a Month
The People asked me to
Come there again to Preach
for them
Last Sabbath Evening I
visited Sandy Two miles
East of this Place and I
preached in the Mormon
School house for about
forty of a Congregation
The Mormon Trustees
Told My that I Could use
the Schoolhouse to Preach
if I desired to do so I
Thanked them for their
kindness There are Several
Gentile families in Sandy
There is no Religious
Service held in Sandy on

Sabbath — only the Catholic
Priest Came there now and then
to preach It is one of the
hardest Places to Morally
and Religiously Conseded in
the Country (So they say)!!
Something aught to be done
with this place The Gospel
aught be Preached there to the
People and the Children aught
be Gathered to a Sabbath School
I have felt it My duty to remain
here and make this a Mission
field But I Could not be supported
by the People because there are only
one or two religious families to be found
in each of the three above named Places
Could I be appointed and helped
by the Board of Home Missions
To Labor in this destitute field?
I am going to start to morrow for a
Two weeks journey With my Brother in
Law South of this Place
He Brother at Salt Lake city
Say that this field should be occupied
as soon as possible
Let me have a word from you
stating your opinion & advise to
me what to do Whether I should
take up this field or not & if you
have another field you would
wish me occupy D W James

Gen'l Dr. Jackson

My Dear Sir

I have yours of June 30 & July 5. Dont think the expedition is to be put off - all the weather it will be like till about Oct. 1 Oct. the weather will be cooler & pleasanter at least probably so. I called at Gen. Sheridan's office yesterday. He will not be back in less than 2 months & no one else can order us transportation except Gen. Sherman at Louisville & I think either will do it, for I know them both. Look to the jobs eastward, it will

be impossible for me to get it. Only our editors, not correspondents can get them on account of the office. The railways are very strict in this respect.

I shall carefully preserve your letter and attend to all matters carefully when the time comes

Wishing you all possible success in your work & kind regards

Yours &c

Dr Jackson

Dear Sir

I come again, for a few moments of your precious time. Mrs Griffith has written you, concerning our efforts to get in different Soc's. and to organize where they have none (that is in our neighboring villages) to take up the Santa Fe Sabbath, help it get on its feet, now the question, do you approve of it, if so, will you

be kind enough (with all your other call) to drop me a letter, telling as necessity of helping it. or rather anything you may choose to say, not telling on that you had been asked, I ask this, because, we want, to your help, many [illegible]
[illegible] I [illegible] otherwise

One more thing, cant there be a Home Board, organized on the West, in corresponding with the Soc's. I find so many working for the N. Western B. (Foreign) done nothing for it. I think the reason, because, it is in their midst. one goes to the Convention, gets filled with it. she goes home, the Soc

must catch some of the fire consequently all goes there. The Home is not brought before them, they nothing of its wants, even ministers wives have told me, I was not aware, of such heathenism in our [illegible]s. I have asked them, if they read the R. M. P. they would say, I glance at it occasionally, it must be brought to them before they will see the needs of our own land.

We begin next week, pulling down the old Church.

Mr Duncan McMillan will be with us [illegible] row. We hope to have a house full of ladies but in the afternoon (Saturday), he will preach Sabbath morning for us

Schofield, we are very anxious to
hear him.
Mrs Griffith is well. hopes to return
in September.

Dear Brother

On arriving in Ouray I found the Bishop and Converse from Del. Motte; also the Rev. E. preacher: all considering about building: so I went to work immediately: in a very short time I raised seven hundred & nine dollars $709.00: I secured the lots you desired back of Brother Blythes store facing the street that Mr. Munns house is on: work was commenced before I left. the lumber was secured on 90 days time: I hope and trust the Board of Church Erection will be prompt in sending on the application and also the money: we will need $300.00

Rev. Mr. Selden. the Supt. of Home Missions for the Congregationalists arrived in Salt City. the 22th I saw him at S.S. and invited him to my house. he began to make enquiries about the field and wanted to know about Miamis City; when he found that we had already organized at the different points. "he said he thought he would go back to day" if he does his stay will be short.

The Mr. E. brethren at Ottawa and also the Episcopalians do not seem to think much of my style of doing things. I presume. they thought I ought of considered the matter a while. I arrived in Ottawa at 10 oclock at night and by 8

the next morning I had $450.00 subscribed for the erection of a church. I only stayed in Ouray two days. will go over next week: and make on the building my self: and push thing through. hope to dedicate in two months:

Quite a number of Presbyterians have come to Lake City: we are growing strong every day: last night the church was packed so full that it was very uncomfortable. Sin the morning every seat was occupied: the S. S. is still growing I have a Bible Class of from 20 to 30 men: we raised $16 in S. S. in less than five minutes:

the Lord is dealing kindly with me in giving me favor in the sight of the people

Mrs Darby sends regards. Yours sin

My dear Sir

Your kind favor of July 2d is at hand I expect to leave the Agency Sept 30" 77 and would prefer to let my Sucessor make all arrangements to Suit his ideas of what is wanted and So will leave every thing clear for him I of course have no knowledge of who it will be or I could consult with him and learn his desires in the Matter

I dont think that Mr. Gage will find any trouble in obtaining the position of Teacher The best way will be to wait to see who will be the next Agent and make arrangements with him for you I know that every new Agent makes an entire change in his Employees The Govmnt pays $1,000 for Teacher

Thanks for papers

Very truly

Registered, ...

My Dear Bro. Jackson;

I have a question or two to ask you. No Commission yet. Is there any doubt about it? Dr Kendall wrote for light on some points. I sent the light. Am now myself in darkness. First quarter nearly ended. Am also in need of funds. Am just dead broke. Three removes equal to one fire; says Ben Franklin. Have therefore been nearly burned out the past year.

Have had large congregations here ever since coming. All now in our favor. Both church houses closed. People all disgusted with them. Had we not better now take advantage of these circumstances at once? The M. E. church will send a man soon; & so also will the Episcopal church. Had we not better at once be thoroughly organized & canvass the town for support? All is now in our favor; it may not be soon. "Man's extremity is God's opportunity." I do wish you'd come at earliest day & help in this work. Your very presence would be a power. The way is now all paved & you could push the thing right through.

Not a vestage have I been able to find of an organization. No Session Book. Was this ever once? At any rate

the church needs to be re-organized. And just now is the time to do it. A stroke in time saves nine. "For want of a nail the shoe was lost" &c. Believe there are persons in both organizations ready to go in with us. Mrs Webb used to know you at Council Bluffs. She belongs to the Episcopals, but is a Presbyterian by choice. Well, that's only one of many. Now the thing is to take advantage of these interests & "hold the fort." Can you come & when?

At present money here is exceedingly scarce. People say the Camp was never duller. It will require an effort to raise the three hundred dollars. But if we strike as above suggested, I think it can be done.

P.S. Can you not arrange to be here the 2d Sab. Aug.? Do hope you can. Believe we would just have a most glorious day. I know we will if the Holy Spirit comes. I will then be Pentacostal. To this end we pray & its right in accordance with God's will. "Thy will be done." "Your Heavenly Father is more willing" &c

My Dear Sir.

Your kind note of June 16th ult reached me in due time. I could not reply at once till I had heard from friends at the East. My Sisters have made all their arrangements for the summer, and I cannot request them to visit (me ~~now~~) and avail themselves of the excellent opportunity which you mention for them to find company to this territory.

I would like very well to make up a party here and meet your party at the Pueco or Jemez

Springs, and proceed with you to the Chaco ruins. If you will keep me posted in reference to your proposed visit to Jemez Spa. I will see if I can make up a party and meet you there. I will not require more than a weeks notice and if you can calculate closely, I will try and make up a party and meet your party at the Jemez Spa. Mrs Swaine and Miss Pritchard would like to go, and there may be one or two others who will be available to go. Did you hear about the party who went to Canyon de Chilly or attempted it. Well I will just speak of it. Col Hatch was the leader of it, and there was two Asst Surgs Mitchel, Waters and Dr Sewall who reached the canyon and spent the day there - the remainder of the party consisting of Mrs Swaine Mrs Reed Col S. and Mr Reed the Post Trader & Capt Bennett

a talk with Crowe in regard to Tommy Keens who is still hanging about chapping to get into Mr Crowes position, and he says Master Tommy is "no bueno" and I have written Dr Lowers about him, and requesting the Dr to annul my endorsement in your recommendation of his application for an appointment to be agent. I do not wish to see any such a fellow in the position. That agency should be in the hands of some very good honest man, for see what a temptation that Sawmill will be to a fellow who would like to make money out of it.

Please drop me a line about Chaco, W.H.D. and the views, and anything else of interest oblige Yours very Sincerely

J. V. Lauderdale

P.S. Did you print my account of our trip? If so send me a copy. I send you my sketch with all of its typographical errors. W.L.

would report to me.

I had to hear that you have secured a medical missionary for Zuñi. Mr Stevens who still holds us at Defiance gives me all the news for the Navajos. A new steam saw mill is en route to the agency, with which they can get all the timber they need for the post, and encourage the chiefs to build houses and settle down. They can easily attach a run of mill stone to the machinery, and grind corn enough for the navajos and the Moquis of Zuñi besides — thus saving the Indian women a deal of drudgery. I tell Stevens to hurry up his saw mill and make the effort at once to get the mill stones & other fixings for they have plenty of money to do it with.

Stevens is a good man for agents and I am sorry that he thinks of resigning. I have this summer had
